Question	Response
Would you be able to provide me the longest time series that you have available? Would you be able to provide me those data broken down at financial year level, please?	
The percentage of your budget allocated to non-NHS providers. The percentage should be computed as the contract expenditure with non-NHS providers out of the total expenditure on acute hospital provision.	From April 2013 when the CCG was created the following figures are applicable. This includes the budget for the Independent Sector Treatment Centre at Emersons Green. 2013/14 – 3.1% 2014/15 - 3.2% 2015/16 – 3.5%

The information provided in this response is accurate as of 10th November 2015.
