

FOI 1516 198

Summary Issue: Procedures of limited clinical effectiveness

This information relates to Bristol Clinical Commissioning Group

Whether NHS Bristol CCG has, or ever has had, a “procedure of limited clinical effectiveness” policy, or a similar policy to like effect, for each of the following procedures:

If no such policy exists or has existed in respect of any of the above, please specify.

If policies exist and/or have done in the past, in respect of each such policy, please specify:

- a. The precise date the policy came into effect,
- b. which intervention listed above the policy applies to,
- c. which population (e.g. adults or children) the policy applies to,
- d. which clinical indication(s) the policy applies to,
- e. the criteria necessary to receive treatment set out by the policy,
- f. and the rationale and supporting evidence for these criteria.

Question	Is there a policy	Date of Effect	Which intervention	Which population	Which clinical indications	Criteria	Rationale and evidence
1. Adenoid ectomy,	Yes - https://www.bristolccg.nhs.uk/inmf/adenoidectomy	21/08/2015	Adenoidectomy	No restriction on age	As per the policy.	Please see the individual policy link as all policy	All policies are developed with national guidance, local clinical specialists and input

	idectomy/					published on Bristol CCG's website.	from Public Health representatives. They are then ratified through the Bristol, North Somerset and South Gloucestershire Clinical Policy Review Group and if approved they are presented to Bristol CCG for the option to adopt.
2. Tonsille ctomy,	Yes - https://www.bristolccg.nhs.uk/innf/tonsillectomy-referral-assessment-adults-and-child/	21/08/2015	Tonsillectomy	No restriction on age	As per the policy.
